

## How to make a snowman on Drawz it

By: Gentry Student 2B

1. Make a background color with the color number #000ff
2. Then make a white 2 ½ inch circle.
3. Then make a white 2 inch circle and put it on top.
4. Then make a white 1 ¼ inch and put it on the top of the second circle.
5. Then you make the arms by clicking on the straight line under the category of shapes. Then make an awkward looking cross on both sides.
6. Then go to stamps click on the smiley face at the size about 7. You'll use that as the face of the snowman.
7. Then to make a scarf click on the pencil put the size at 12.
8. Then to make the scarf make it across the snowman's neck. Make the tail go down on the left side. The colors red with green stripes going vertically.
9. Then go to shapes and click the star and put it in the top left hand corner and one on the right side of the snowman.
10. Now click on the pencil and make the color yellow with a black outline.
11. Then you get to make the moon next to the star on the right side of the snowman.
12. Finally you make the buttons the top one is red with green outline the bottom one is green with a red outline both should be about one inch in diameter.
